

Residential Rehabilitation Program

Office of Planning and Development

(716) 871-8847 ext. 3

Program Description:

Income eligible homeowners in the Town of Tonawanda may be eligible for a **0% interest, deferred payment loan** program. This loan program provides qualified applicants with funding for needed housing repairs. Eligible work items include things such as your foundation wall, roof, siding, windows, heating system, and electrical system. The program may not be used for room additions or luxury items.

A housing repair loan is secured on your property through a mortgage filed in the Erie County Clerk's Office. The loan does not have to be paid back until the property transfers in the future or if it ceases to be your principal residence.

Some Eligibility Criteria Include:

- Taxes must be current on your property.
- You must have some equity in your home to secure the loan.
- If you have a mortgage, payments must be current.

For more information and details, resident homeowners in the Town of Tonawanda who wish to participate in the 0% interest, deferred payment loan program or desire further information should call Dawn Lisowski at (716) 871-8847 ext. 3 or send an email to dllisowski@tonawanda.ny.us.

The Town of Tonawanda does not discriminate on the basis of race, color, religion, sex, national origin, age, marital status, disability, or the presence of children in determining admission to the housing programs we administer.

This program is funded by the U.S. Dept. of Housing & Urban Development

How The Program Works:

Family Size	Income Limit
1 Person	\$38,200
2-Person	\$43,650
3-Person	\$49,100
4-Person	\$54,550
5-Person	\$58,950
6-Person	\$63,300

Program Qualification Phase

During the program qualification phase, ownership, residency and income are verified. Your annual gross income and benefits for all family / household members must not exceed the following limits for your household size (income limits effective March 28, 2016):

Property Review Phase

You may make permanent improvements that cannot be removed from your property and which are started after you receive approval for a loan. Home repairs may include: Replacing of plumbing, electrical, heating, roofing systems, installing insulation, siding, and foundation deficiencies

The Town's Community Development Code Enforcement Officer will perform an inspection of your property and prepare a detailed work write-up/specifications, which you will use to obtain bids for the home repair work.

Lead-Based Paint Phase

Effective September 15, 2000, the Department of Housing and Urban Development (HUD) invoked new lead-based paint (LBP) regulations. During the inspector's visit, he will explain to you that a risk assessment will be performed by a contractor hired and paid for by the Town. The risk assessment will reveal if there are any lead hazards in your home, and if so, the interim controls or abatement measures required to meet EPA standards. Interim controls or abatement are paid for by the homeowner.

Bid Phase

Using the work write-up / specifications bid forms prepared by the Town's Community Development Code Enforcement Officer, you will be asked to solicit at least two estimates for the home repair work. The Community Development Office will make sure that the contractors from whom you are requesting a bid will meet minimum qualifications. The lowest responsible bidder will be awarded a contract.

Home Improvement Phase

When you sign the contract, the Planning and Development Office will notify the contractor that the home repair work may begin. The inspector will inspect the repair work at appropriate intervals to make sure the work is being performed in accordance with the work write-up / specifications. When the work is completed, and when you are satisfied, you will sign a final inspection form. Then, a check will be issued to the contractor.
