Please note we cannot guarantee help at your event, as our volunteers sign up for events based on their availability. We often do not have an estimated head count until a few days in advance. We also cannot guarantee that the volunteers who sign up will be able to perform face painting and ballooning (if requested), as not all are trained. Please follow up with us a few days before your event so we can confirm numbers and tasks we can help with.

Y.E.S. does not volunteer at private parties or events, and we are not able to provide home/lawn care help to individuals.
